

Advance a gated investment case

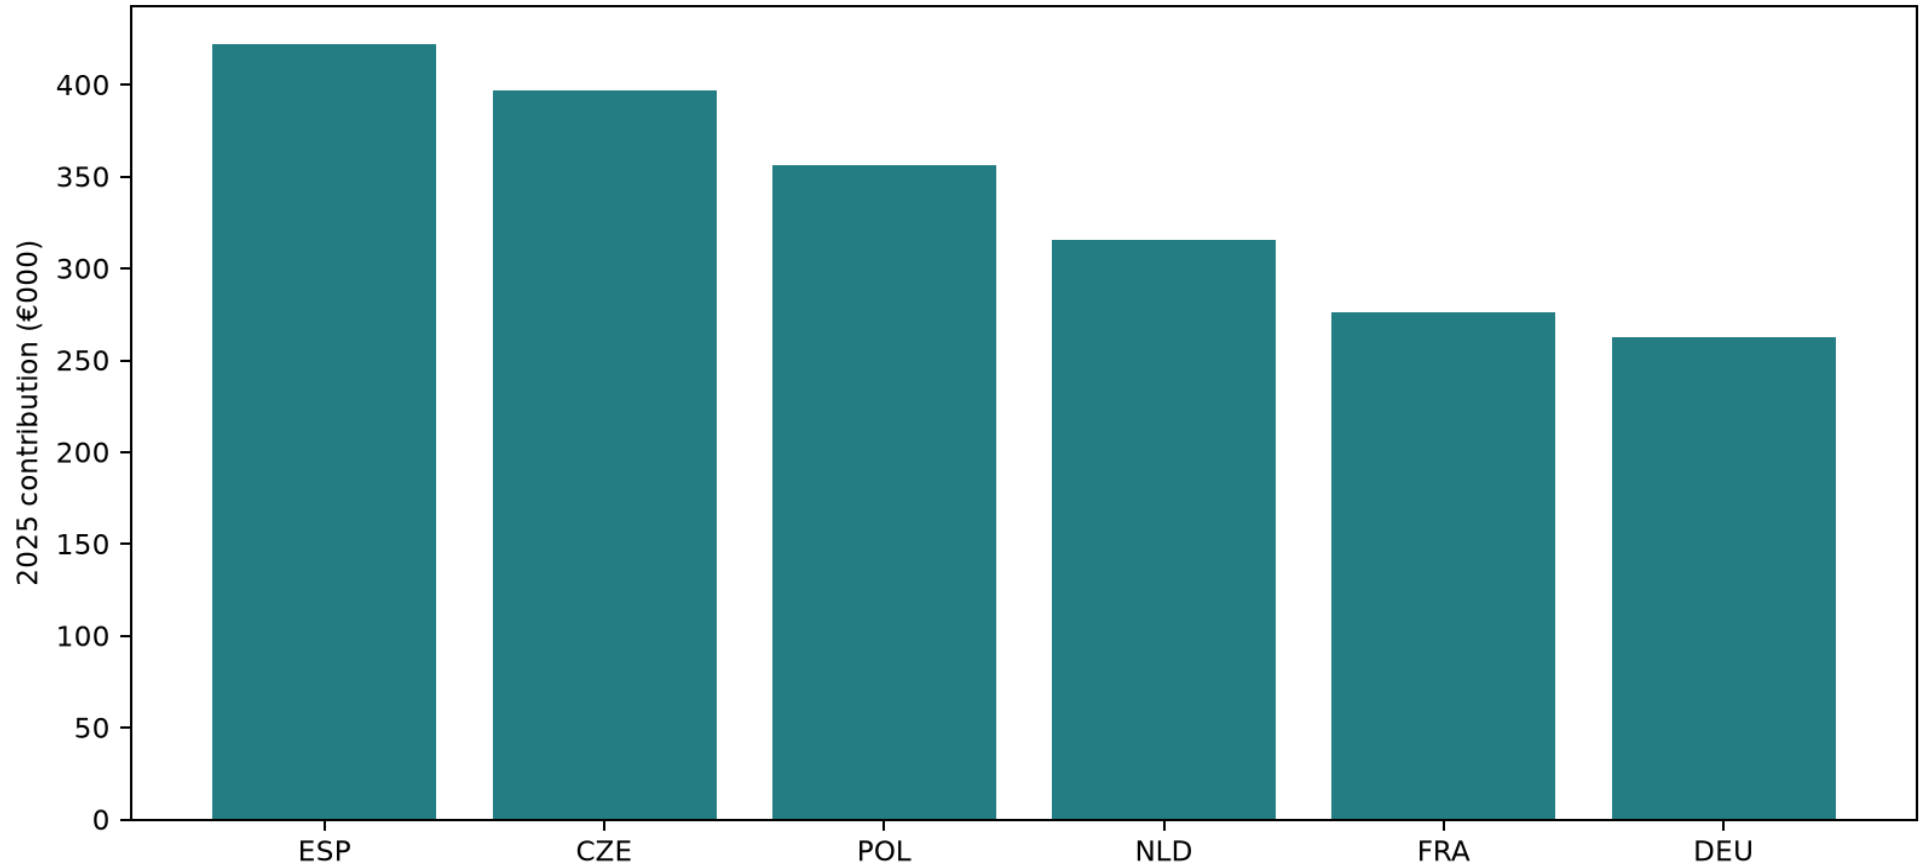

- **Leading pair: Czechia + Spain | €198,099/year base**
- **Low €64,619 | stress €32,180**
- **€225,000 capex | 5 FTE | 1.14-year payback**
- **Stage after 90-day validation**

Contribution is not cash

- 1,254 orders | 77,436 units
- Gross €4,464,622 less refunds €80,831 = net €4,383,792
- Net contribution €2,030,010 | margin 46.3%
- Cash settlement data absent

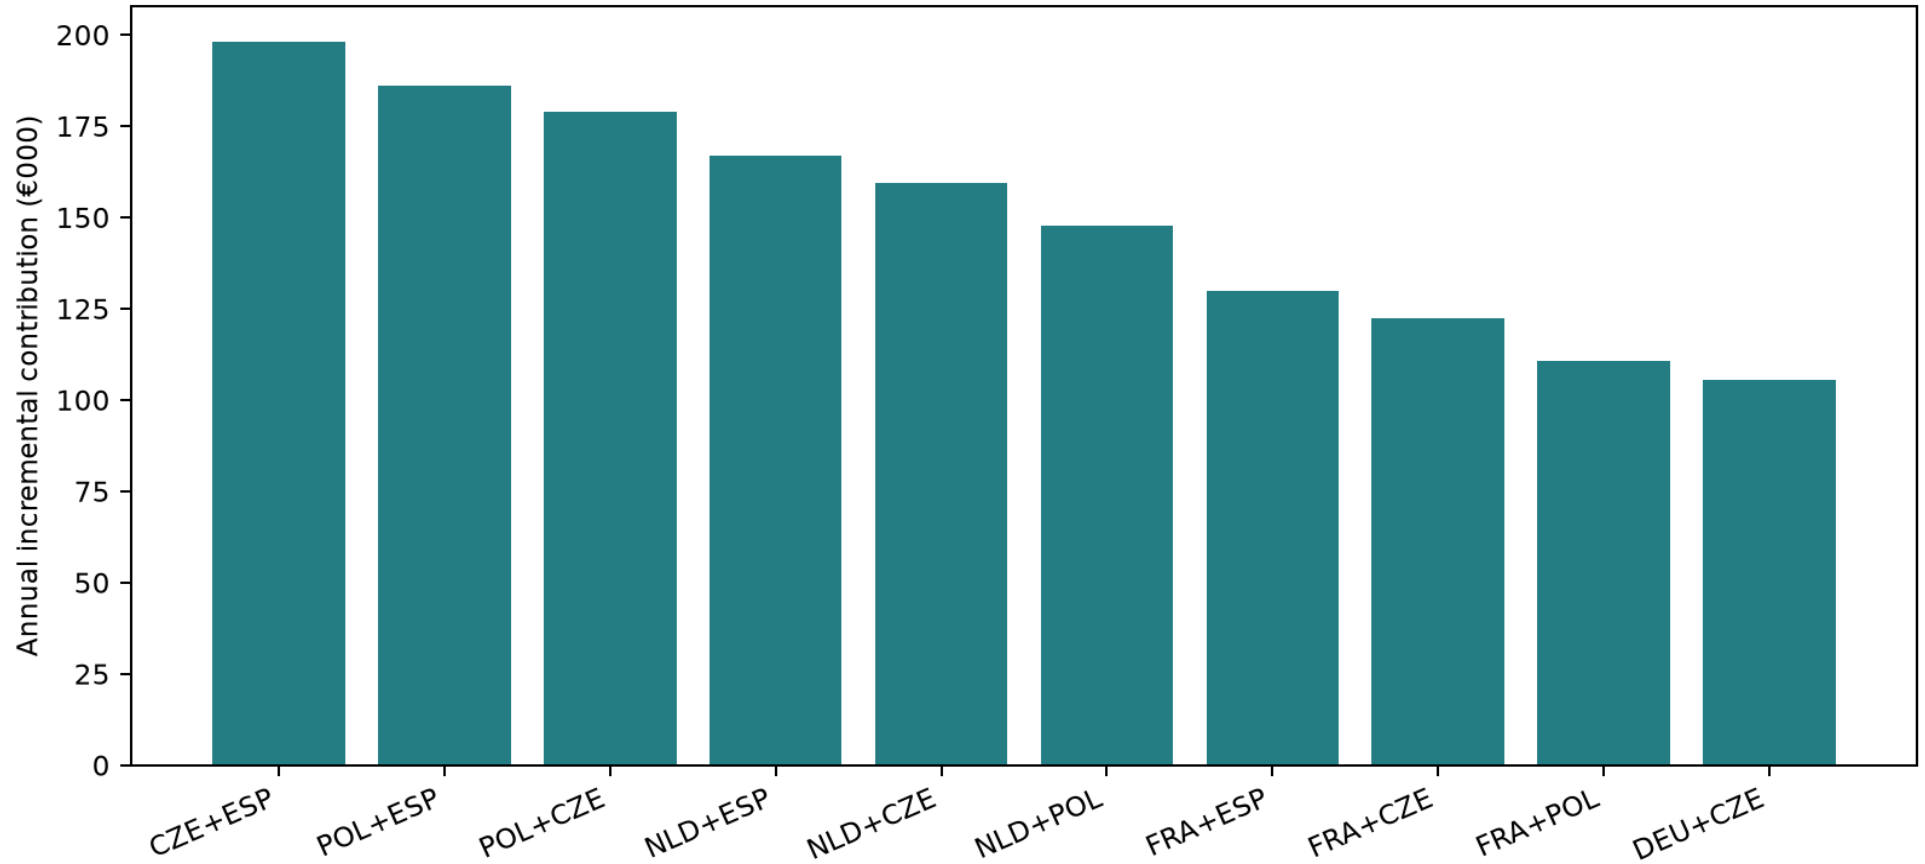

Country contribution

Synthetic 2025 contribution by country

Portfolio economics

Feasible hub portfolios: base case

90-day gates

- **0–30: reconcile baseline $\geq 98\%$ linkage.**
- **31–60: validate savings and low/stress case.**
- **61–90: board stage commit after service and cost sign-off.**
- **Weekly: service, returns, units, contribution, capex, FTE.**

Evidence limits

- Synthetic client data; no interviews/live account.
- WB 2022–24 population: Spain +2.22%, Czechia +2.18%, Poland -0.71%.
- 2024 GDP/capita US\$: Netherlands \$67,465; Poland \$25,104; not demand evidence.
- Frozen official ECB/WB archives; scenarios non-causal and undiscounted.
